SCE Young Scientist Event 2022

The event is for young environmental scientists to learn about job opportunities in chemical and chemical-related private companies.

Goals of the Event

- Hear and discuss challenges for a career in industry
- Experience industry jobs during a site visit
- Get in contact with industry representatives and expand your network.

Venue

Syngenta Crop Protection AG
Research & Development, Stein
Schaffhauserstrasse 101, 4332 Stein AG

Program, May 3, 2022

- 10.00 Arrival & registration
- 10.20 Welcome message: Dr. Jérôme Cassayre, Syngenta
- 10.30 Keynote: Dr. Heike Laue, Givaudan
«Replacing the need for *in vivo* animal testing - the use of alternative *in vitro* assays for environmental risk assessment of fragrance chemicals»
- 11:00 Panel discussion: Opportunities and challenges for environmental scientists in chemical industry
Participants: Dr. Lucie Lovelle (Novartis), Dr. Steve Maund (Syngenta), Dr. Ludovic Vieille-Petit (DSM); Moderation: Leslie Fendt (Roche)
- 12.00 Lunch
- 13.00 Site tour at the Syngenta Research Center
- 14.30 Round tables: Meet industry representatives, discuss environmental sciences careers/job profiles in chemical industry (i.e., big companies, contractors, start-ups)
- 15.30 Wrap-up
- 15.45 End of program

Fees and Registration

Participation is free of charge. However, registration via the website is mandatory. Deadline: April 15, 2022.

This is an in-person event with a limited number of participants, and we trust that you will only register if you are able to attend. We thank Syngenta Crop Protection for hosting the event and for sponsoring food and beverage.
